

Johne's Program - End of Program Testing Summary

HERD STATS

Total # of herds eligible to test	4158
Total # of Herds Participated	2153
Program Participation	52%
Total # of Herds with at least 1 positive (0.1+)	563
Percent of Herds tested with at least 1 positive (0.1+)	26%

RAMP STATS

Total # of RAMPS completed in 2010	558
Total # of RAMPS completed in 2011	662
Total # of RAMPS completed in 2012	497
Total # of RAMPS completed in 2013	436

COW TESTS

Total # of cows tested by program	139893
Total # of positives (0.1 +)	1385
Percent of all animals tested that were positive(0.1+)	1%

High test-positive cows

Total # of High test-positives	147
Percent of positive animals that were a High test-positives	11%
Percent of all animals tested that were a High test-positives	0.11%

HERDS with a HIGH test-positive

Total # of herds with at least 1 High test-positive	112
Percent of all herds tested that had at least 1 High test-positive	5%

Retested HERD STATS

Total # of Herds participated	298
Total # of cows tested	24147
Total # of positives (0.1 +)	305
Percent of all animals retested that were positive(0.1+)	1%
Total # of Herds with at least 1 positive (0.1+)	110
Percent of Herds tested with at least 1 positive (0.1+)	37%
Total # of High test-positives	40
Percent of positive animals that were a High test-positives	13%
Total # of HERDS with High test-positives	23
Percent of all herds retested that had at least 1 High test-positive	8%

		2nd Herd Test		
		Neg.	Pos.	Totals
1st Herd Test	Neg.	143	45	188
	Pos.	45	65	110
	Totals	188	110	298

30% of herds had a different outcome on 2nd test

24% of herds negative on 1st test had at least 1 pos. on 2nd test
